

~ Miss Evie ~

I have been dancing since 2020 and teaching since September 2024. Prior to teaching my own classes I was a teacher assistant for three years. I love dance because it gives me a sense of peace and control, even when the world seems a bit opposite. I love teaching because I get to see my students grow and be able to do things they never thought possible. The joy in their smiles is the ultimate reward.

Arlington School of Dance is an amazing place for people to come and feel happy and at home.
